Let us understand the plan better through some case studies:

CASE STUDY

Mr. Gupta, aged 35 years, is a business analyst who has recently joined an MNC. He is planning to buy a limited pay guaranteed Insurance plan. Besides this, he also wants guaranteed income at regular interval along with tax benefits. To fulfill these needs, he opts for Canara HSBC Oriental Bank of Commerce Life Insurance Guaranteed Income Advantage Plan.

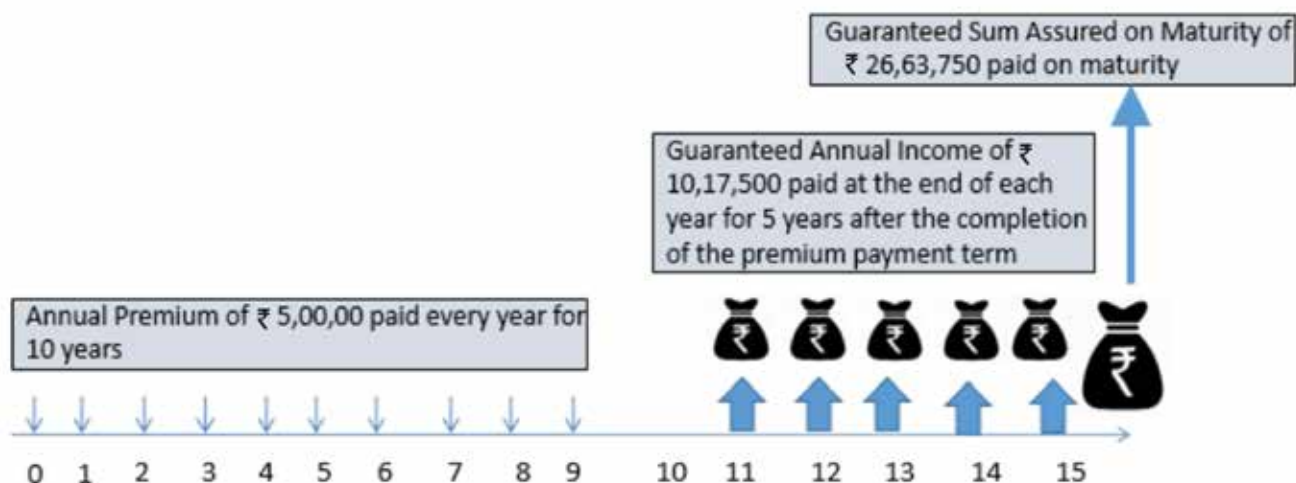

To fulfill this requirement, Mr. Gupta estimates that he requires a Guaranteed Annual Income of approximately ₹ 10,00,000 once he stops paying the premium.

Therefore, he opts for a policy term of 15 years and makes a commitment to pay ₹ 5,00,000 at the start of every policy year (before applicable Goods and Services Tax & applicable cess (es)/levy, if any) for a period of 10 years.

Below are two scenarios illustrating benefits which will be payable under each of them.

- Mr. Gupta will receive a Guaranteed Annual Income of ₹ 10,17,500 at the end of every policy year for 5 years after the completion premium payment term i.e. starting at the end of 11th policy year. (Applicable Income payout percentage is 200%, Basic Guaranteed Annual Income = 200% X ₹ 5,00,000 = ₹ 10,00,000. Applicable High Premium Booster % is 1.75% of the Basic Guaranteed Annual Income. High Premium Booster amount will be 1.75% X ₹ 10,00,000= ₹ 17,500. Hence, the total Guaranteed Annual Income = ₹ 10,00,000 + ₹ 17,500= ₹ 10,17,500)
- On maturity, Mr. Gupta will receive Guaranteed Sum Assured on Maturity (₹ 26,63,750) as lump-sum.

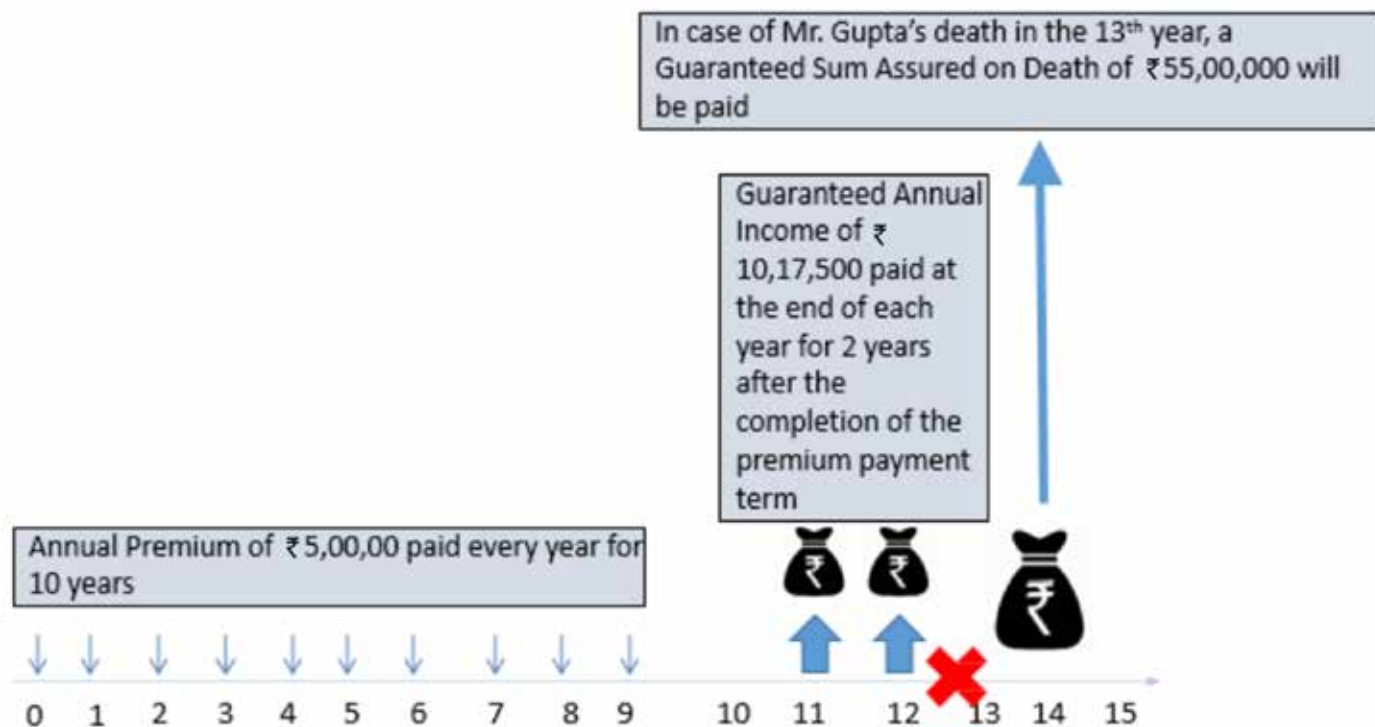

Scenario 1: Survival & Maturity Benefit

Scenario 2: Death Benefit

In case of unfortunate death of Mr. Gupta in the 13th policy year after receiving Guaranteed Annual Income for two years, his family will receive the following benefits:

- Mr. Gupta's family will immediately get lump sum amount of ₹ 55,00,000 which is higher of Guaranteed Sum Assured on Maturity or 11 times the Annualised Premium or 105% of all premiums paid till date of death, if any or Absolute amount assured to be paid on death
- Guaranteed Annual Income already paid will not be deducted from the lumpsum amount that is payable which is Sum Assured on Death

WHAT HAPPENS IF YOU STOP PAYING THE PREMIUMS?

Savings for your financial goals such as buying a house, your child's education, or planning for your retirement are some of your non-negotiable objectives. The plan is intended to meet your long term savings and protection needs towards your financial goals. Therefore, we strongly advise that the policy should be continued throughout the policy term to realize the full benefits. Discontinuing your premiums is not advisable unless no other alternative is available, as it will impact the policy value and intended

goals may not be realized. The plan offers policy loan that can be availed (as per terms and conditions) to manage any liquidity needs.

If you fail to pay due premium within the grace period ^{T&C 12} in the first 2 consecutive policy years then your policy will lapse at the expiry of the grace period ^{T&C 12} and the insurance cover will cease immediately.

If you fail to pay due premium within the grace period ^{T&C 12} after paying first year's full premium and less than first 2 years' full premium, your policy will be eligible for an Early Exit Value of 10% of the total premiums paid, excluding underwriting extra premium, if any, which will be payable on earlier of:

- Your request for termination of the policy, or
- The death of the life assured when the policy has lapsed, or
- The end of revival period.

If you fail to pay due premium within the grace period ^{T&C 12} after paying premiums for first 2 consecutive years, your policy will become a paid-up policy and will continue with reduced benefits till death/maturity.

WHAT ARE THE BENEFITS IN THIS PLAN IF THE POLICY IS PAID-UP?

The definitions below will help you understand the paid-up benefits better:

1. **Paid-up Sum Assured on Death** is defined as Sum Assured on Death multiplied by (Number of premiums paid divided by Total number of premiums payable during the Policy Term).
2. **Paid-up Sum Assured on Maturity** is defined as Guaranteed Sum Assured on Maturity multiplied by (Number of premiums paid divided by Total number of premiums payable during the Policy Term).
3. **Paid-up Guaranteed Annual Income** is defined as Guaranteed Annual Income multiplied by (Number of premiums paid divided by Total number of premiums payable during the Policy Term).

Your policy will acquire a Paid-up status at the expiry of the Grace Period ^{T&C 12} from the due date of the first unpaid premium, provided first 2 years' full premiums have been paid. Once the policy is in Paid-up status and provided the policy is not surrendered or revived, the benefits payable are as follows:

Reduced Survival Benefit	You will get Paid-up Guaranteed Annual Income at the end of each of the Policy Years after the completion of premium payment term till Maturity.
Reduced Maturity Benefit	On survival till the end of policy term, you will receive Paid-up Guaranteed Sum Assured on Maturity. On payment of above benefit, your policy will terminate and no further benefit will be payable.
Reduced Death Benefit	In case of the Life Assured's unfortunate death during the policy term, the death benefit payable to your Nominee/ Legal Heir as the case may be will be Paid-up Sum Assured on Death. On payment of the above benefit, the policy will terminate and no further benefit will be payable. The survival benefit (Paid-up Guaranteed Annual Income) already paid will not be deducted from the benefit payable on death.

WHAT HAPPENS IF THE POLICY IS SURRENDERED?

This is a traditional non-participating plan intended for long term savings and protection to meet your financial goals. We strongly advise that the policy should be continued throughout the defined policy term to realize the full policy benefits. Early surrender should not be opted for unless there is no other alternative available, as it will impact the policy value and intended goals may not be realized.

On surrender of the policy, the Surrender Value payable will be higher of Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV). However, the policy acquires a GSV or SSV only after payment of at least 2 consecutive years' premiums. SSV will be determined by the Company and may vary from time to time, with prior approval of the Authority.

The GSV is determined based on a defined percentage of total premiums paid (excluding any underwriting extra premium, if any), and reduced to the extent of survival benefit already paid out for an in-force or Paid-up policy as applicable. For the details on GSV factors (percentages) applicable,

please refer to the sample policy contract of this plan available on the Company's website.

WHAT ARE THE OTHER BENEFITS IN THIS PLAN?

Loan Facility ^{T&C 3}

To meet any contingent need, you may avail the loan facility in this plan, once the policy acquires a Surrender Value

The minimum loan amount that can be availed is ₹ 20,000 and the maximum is 80% of prevailing Surrender Value at the time of availing the loan. Loan will be available for an in-force policy only.

The Company undertakes the review of the interest rate for Policy loans on 31st December every year with any changes resulting from the review being effective from the 1st of April of the following year.

The basis of calculation of such interest rate is approved by the Authority. Any change in basis of determination of interest rate for Policy Loan will be subject to prior approval of the Authority. The applicable loan interest rate for the financial year 2019-20 is 8.70% per annum. .

Loan facility is available before the Guaranteed Annual Income starts. Loan facility is not available once the policy becomes paid up.

Annualised Premium (in ₹)	High Premium Booster (as % of Basic Guaranteed Annual Income)
Less than 2,00,000	Nil
Greater than or equal to 2,00,000 to less than 5,00,000	1.00%
Greater than or equal to 5,00,000 to less than 10,00,000	1.75%
Greater than or equal to 10,00,000	2.00%

Tax Benefit ^{T&C 4}

You may be entitled for tax benefits under Section 80C and Section 10(10D), as per the Income Tax Act, 1961 as amended from time to time. For tax related queries, contact your independent tax advisor.

CAN THE POLICY BE REVIVED?

You can make a request for revival of your policy anytime during the revival period of 2 years from the due date of first unpaid premium. The revival of the policy will be as per the Board Approved Underwriting Policy of the Company. Post revival of the policy, the product benefits, would be reinstated to the full level as if the Policy never entered the Paid-up status or lapse state as applicable. If any survival benefit has been paid while the policy was in Paid-up status, then on revival, the remaining balance of survival benefit as applicable for an in-force Policy will be paid to you. To revive the policy, all past due premiums need to be paid by you along with applicable interest rate as defined by the Company from time to time (from respective premium due dates till the revival date). If a policy in lapse state is not revived within the revival period, it shall terminate upon expiry of the revival period.
